PROUDLY MADE IN TRANSYLVANIA

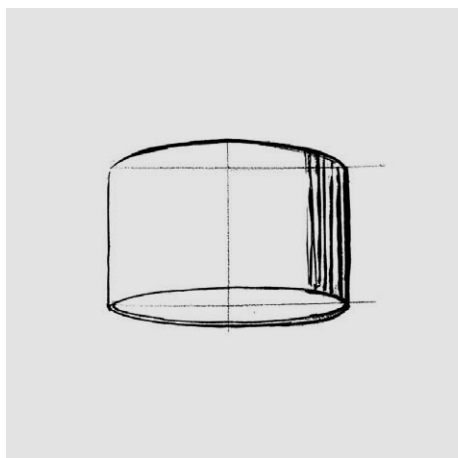

## [The Collection]

It was a natural transition from our successful wallpaper designs to start creating premium lampshades. Somebody said that lighting and accessories are the soul of a beautiful home. This was the impulse for our creativity. We took 5 of the best stories of wallpaper and transposed them into a shade collection. We choose to mix designs in order to have a wider range of shades. We used tropical elements, fabric textures, quirky patterns and some Art Deco designs creating a unique collection of lighting shades and pendant lamps in our successful eclectic style. And to make it more premium, we use copper and gold metallic lining and also metallic lamp holders for the pendants. This is the story of our first collection of lighting, coordinated to stand together with the wallpaper and the wall art range.
